SOME DEMOCRATIC GAINS

Victory in Nebraska is Complete and Democratic Governors win Several Republican States.

In five states indications this morning are that, while the electoral vote was cast for Taft, democratic governors were chosen.

These are the states:
North Dakota—(Taft), C. A. Johnson (Dem.)
Indiana—(Taft), T. R. Marshall (Dem.)
Ohio—(Taft), Judson Harmon (Dem.)
Minnesota—(Taft), John Johnson (Dem.)
Michigan—(Taft), Lawton T. Hewans (Dem.)

New York, Nov. 4.—Returns received up to a late hour tonight indicate that William H. Taft, as president-elect, will have a vote of 309 in the electoral college. This is within 16 votes of the forecast made by National Chairman Hitchcock and 67 more than a majority of the total electoral vote of 483. If Missouri goes for Taft his total may reach 317. News of the late returns indicate that Maryland, after vacillating during the day and apparently being safe for the democracy, has been swung into the Taft column.

The unofficial figures give Mr. Taft the state by 136 votes.
Indiana and West Virginia, as well as Montana, turned out to be safely republican. Colorado went for Bryan.

States Bryan Carried.

The states certainly carried by Bryan are as follows:
Alabama, 11; Arkansas, 9; Colorado, 5; Florida, 5; Georgia, 13; Kentucky, 13; Louisiana, 9; Mississippi, 10; Nevada, 3; Nebraska, 8; North Carolina, 12; Oklahoma, 7; South Carolina, 9; Tennessee, 12; Texas, 18; and Virginia, 12. Total 156.

All the rest of the states are safe for Taft with the exception of Maryland and Missouri, where the issue is so close that an official count may be necessary to finally determine the result.

Chairman Mack's Statement.

New York, Nov. 4.—Declaring the democratic party is more united today than it has been in many years; that Mr. Bryan was defeated by what was misrepresentation to the effect that his election would hurt business interests, Chairman Mack of the democratic national committee this afternoon issued a statement in which he announces executive committee plans to advance the party's interest during the next four years.

Mr. Mack's statement in full follows:

"There is not much for me to say and no apologies to make relative to the victory of the republican party. Mr. Bryan made the most magnificent fight ever waged by a candidate. The party was made the victim of misrepresentation—a misrepresentation that democratic success would retard the business interests of the country. That was of course an argument without foundation in fact.

"Notwithstanding yesterday's defeat the democratic party stands more united today than it has in many years and in this union lies its future strength and power of recuperation.

"It is my intention to continue headquarters in Buffalo and Washington for the next four years to keep in touch with the leaders of all the states and promulgate democratic thought by the printing of literature to aid the leaders of the party in fighting the high tariff which in all probability the republicans will continue, notwithstanding their promises to revise. I am supported in this by the members of the national committee, state chairman and other leaders all over the country.

Bryan's Nebraska Victory.

"In his own state, Nebraska, where he is best known, Mr. Bryan was victorious. While it is true that he met with defeat in the nation, he did so as the candidate of his party supported by the 6,000,000 or 7,000,000 of his countrymen who voted for him and his principles he so splendidly espoused, and with the respect and admiration of the entire nation."

Bryan's State Democratic.

Lincoln, Neb., Nov. 4.—Returns today and tonight on Tuesday's election which, while far from complete, are sufficiently definite to confirm and emphasize the first report that the democrats have made a sweeping victory in Nebraska. The state ticket and candidate for congress in most instances are running parallel with Bryan, who was expected to lead the ticket by several thousand. Complete returns from a third of the counties and scattering precinct returns from most of the remainder show that Bryan will have a plurality of not less than 10,000, and that Shallburger, democratic candidate for governor, and the balance of the democratic ticket will have hardly a thousand less.

But the democratic victory does not stop there. At least four or probably five of Nebraska's six congressmen are democratic officially, one republican, Hinshaw, in the 4th district, being assured of escaping defeat. There is a close fight in the Fifth district between Norris, republican, and Ashton, democrat.

The greatest surprise of all is the overwhelmingly majority of the democrats in the legislature. Of the 133 senators and representatives elected, the canvassers of returns tonight could find but eighteen republicans who had won. These of course are incomplete, but the republican committee concedes the democrats will control both houses.

Maryland in Doubt.

Baltimore, Md., Nov. 4.—The political pendulum has swung once more, and tonight, on the face of unofficial returns, Taft has carried Maryland by 126 votes.

Maryland has again distinguished itself as probably the most doubtful state, politically in the union. Both sides are claiming the state, but as several precincts in remote sections are missing, the official count will have to decide it.

The majority is so small that it is quite possible that the official count and the full returns may change the result, or at least show that the electoral vote of the state has been split, as it was four years ago, when Roosevelt got 1 and Parker 7 of the 8 votes.

Indiana State Ticket Democratic.

Indianapolis, Ind., Nov. 4.—A radical change in Indiana's representation in the national house of representatives was the most striking feature of yesterday's election. The latest unofficial returns complete give the democratic party eleven members and the republicans two. This is a gain of seven members for the democrats, the former representation

being nine republicans and four democrats.

William H. Taft carried the state for president, according to incomplete returns, by about 8,000. Thomas R. Marshall, democratic candidate for governor, and the entire democratic ticket, are probably elected by a plurality around 16,000.

The state legislature is probably democratic, which means that a successor to Senator James A. Hemenway will be chosen. In this connection the name of John W. Kern is mentioned.

The defeat of Congressman Jesse Overstreet and Charles B. Landis, who were regarded as fixtures in the lower house of congress, is regarded as quite a surprise.

After all the oratory, this is the day that the still small voice of the ballot gets in its work.—Kansas City Star.

Yes, it has been well said, that these decrees of the sovereign voters fall as silently and softly as the snowflakes in the valley at midnight. But what a racket before and after their silent work.

Now let all hands return determinedly to work. Let us save every lock of cotton, every ear of corn and every pound of meat that beneficent nature has put within our reach.—Dallas News.

That is timely advice at all times, and is especially so since the republican victory. While the prosperity panic of last year has not yet entirely passed away there may be another and worse one any time, so it is well to garner all we can.

MR. BAITY'S SUCCESS.

Five years ago W. A. Baity started in business at Denison with just \$1,170 and good common sense as his stock in trade. He has sold out his business to net him \$41,800. There is a secret in the success that Mr. Baity has attained, and he tells it in his own language so that any merchant with enough pluck can do as he has done. Here is what he says: "No store now can hope to do business long without the liberal use of printers ink. Merchants no longer look upon advertising as an expense. It is in reality an investment, the same as we invest our money when we buy goods. I consider newspaper advertising as essential as paying rent and other necessary expenses. I don't mind saying that my newspaper advertising was one of the two great factors in the building up of my business. My advertising bills some months have been extremely heavy, yet it was one of the greatest investments I ever made."—Brownsville Bulletin.

There is no question about the efficacy of advertising in building up any business, and those who neglect this important aid are the losers.

Advertising has long since passed the experimental stage and is now one of the greatest means of securing enlarged business that can be conceived.

Manufacturing establishments and wholesale concerns are either reducing the number of their traveling representatives or stopping them altogether, and resorting to the advertising columns of the daily and weekly newspapers to reach the buying public.

The railroads and banks, which are considered necessary conveniences and indispensable to the public in conducting business, are also liberal advertisers. In fact no concern of whatever size or importance can any longer expect to prosper without advertising.

What Senator Tillman Learned Abroad.

Everybody who talked with Senator Tillman when he was in Washington the other day remarked that while his utterances were just as characteristic as ever, there were no frills or oral decorations that couldn't have been uttered in an old maid's home. So a newspaper man, who talked for some time with Mr. Tillman and who remarked the absence of verbal tobacco, remarked about it.

"What's the matter, senator," he

asked; "have you sworn off cursing?"

The senator stretched his mouth into that terrifying grin of his. "No," he replied, "except in English. While I was abroad I got interested in Spanish and I soon found that when it comes to profanity that language is in a class by itself. Shucks! I'll bet the president of the senate will have some trouble in calling me in order hereafter."

AT THE LAST MINUTE.

How Quick Thinking Led to Saving Hayes in 1876.

Speaking of minor incidents that determine great events:

If the managing editor of the New York Times in 1876, had been a man readily discouraged, the chances are that Tilden would have succeeded Grant in the White House. But because he was hopeful and a prominent democrat was timorous, the office was awarded to Hayes. It happened this way:

On the morning of November 8, 1876, every New York newspaper except two—the Herald and the Times—virtually recorded Tilden's election. The Herald questioned the outcome with the headline, "Which Is Elected?" The Times, then a republican newspaper, claimed a majority of one for Hayes in the electoral colleges and offered a detailed statement to back its assertion. To do this it had reversed the statement in its midnight edition that victory was with the democrats.

This reversal was based solely on a curious circumstance. Shortly after midnight a messenger boy brought a note to John C. Ried, its managing editor. The note was from Senator Barnum, a personal friend of Ried's who had been chairman of the democratic national committee and was then chairman of the executive committee. It inquired briefly if the Times had news from Florida, South Carolina, Oregon and Louisiana.

Now the significance of the inquiry lay in the fact that these four states had twenty-two electoral votes and that if they could be transferred from Tilden to Hayes they would elect the republican candidate by a plurality of one. With those states democratic the vote stood 206 for Tilden to 163 for Hayes. If they were republican Tilden would have only 184 to Hayes' 185.

Mr. Ried, being trained by his newspaper experience to be on the lookout for just such odd combinations, figured out this arithmetical problem before he replied to Barnum. Its obvious corollary at once occurred to him. Evidently the democrats were not quite certain of those four states. That was data enough for him. He replied at once that the republicans had carried all

four. Then he stopped the presses and got out a new edition claiming the election of Hayes, after which he posted off to the Fifth Avenue hotel, where he found that the republican chairman, Senator "Zach" Chandler of Michigan, had gone to bed supposing the party badly beaten. W. E. Chandler of new Hampshire, secretary of the republican national committee, arrived just then and the two men got the chairman up. It was decided to wire to republican leaders in all doubtful states to "claim everything," and an announcement of Hayes' election was given out.

This was the beginning of the political struggle that ended with the organization of an electoral commission that counted Hayes in.

PRESS COMMENT.

The Simple Life.

When any man may, if he please, thus live at peace and liberty abroad in the open fields, or his own gardens, what reason is there why he should affect and pursue honors, and not rather modestly bound his desires with the calmness and security of that condition? For, to hunt after glory by the ostentation of virtue, of science, of eloquence, of nobility, of wealth, of attendants, or rich clothes, of beauty garb and the like—seriously, it is altogether the fame of ridiculous vanity; and in all things modesty exacts no more than this, that we do not, through rusticity, want of a decent garb or too much negligence, do anything that doth not correspond with civility and decorum. For it is equally vile, and doth as much denote a base or abject mind, to grow indolent and lofty upon the possession of these adjuncts of magnificence, as to become dejected, or sunk in spirit, at the loss of want of them.

DISPENSARY AGENCY STATUS

Guthrie, Okla., Nov. 4.—"I feel that we have a fighting chance to win but that is all," was the way State Dispensary Superintendent Lozier expressed his opinion of the outlook as far as the vote on the state agency question, officially known as state question No. 1, is concerned.

Mr. Lozier fears the vote from the east and south part of the state will defeat the proposition. He is frankly disappointed at the reception of the proposition in some of the northern counties, although he points to Oklahoma and Logan county as indicating a gain over the vote against constitutional prohibition. Offsetting that feature, however, is the fact that the east side voters last year gave prohibition its great majority, while this year Mr. Lozier admits that he expects no help from that section of the state.

The agency probably has lost and by a large majority. On the other hand, if the trend, as indicated in the reports to date, continue, it will lead the other four questions submitted.

There is this to figure on the dispensary vote, however, and must not be lost sight of, and it is the only straw left to the agency's supporters: There must be a majority vote cast against the question, or it remains a statute and intact. For instance, if 200,000 votes were cast on the proposition, the opposition must have over 100,000 to defeat it. While the system could not be incorporated in the constitution without receiving a proportionate majority, it cannot be abrogated if the vote were, suppose, 95,000.

Mr. Lozier feels that the agency has been grossly misrepresented and is widely misunderstood, especially among ardent and sincere prohibitionists.

It isn't so difficult to strengthen a weak stomach if one goes at it correctly. And this is true of the heart and kidneys. The old fashioned way of dosing the stomach or stimulating the heart or kidneys is surely wrong! Dr. Shoop's first pointed out this error. "Go to the weak of ailing nerves of those organs," said he. Each inside organ has its controlling or "inside nerve." When these nerves fail then those organs must surely falter. This vital truth is leading druggists everywhere to dispense and recommend Dr. Shoop's Restorative. A few days test will surely tell! Sold by G. M. Ramsey. 291mo

SOME DEMOCRATIC GAINS

(Continued from page 1.)

Colorado Democratic.

Denver, Colo., Nov. 4.—Estimated pluralities by counties, based on incomplete returns, show that Bryan and the entire democratic state ticket, headed by John F. Shafroth for governor, carried Colorado with pluralities in the neighborhood of 5,000. The democrats probably will control the legislature by a narrow margin insuring the election of Charles J. Hughes, Jr., as United States senator to succeed Teller, Hughes having been endorsed for the position by the state convention.

Results of the congressional elections are not positively known, but indications favor Edward M. Taylor, democrat, in the state at large; Robert W. Bonyne, republican, in the First district, and John A. Martin, democrat, in the Second district.

Missouri in Doubt.

St. Louis, Mo., Nov. 4.—The electoral vote of Missouri is in doubt, late returns from the city of St. Louis and from rural districts reducing the strong lead of Bryan last night so that at 10 o'clock tonight it is impossible to say definitely who has carried the state.

The complexion of the next legislature is also in doubt, although the indications are that the democrats will control it by four or five votes on joint ballot. This will assure the re-election of William J. Stone to the United States senate. The republican senatorial nomination, 22,750; Hisgen, 225, and Watson, McKinley.

The republicans have apparently elected Herbert S. Hadley for governor by at least 8,000 plurality, and the probabilities are that he has carried the entire state ticket with him.

Oklahoma City, Nov. 4.—Estimates made by the Oklahoman last night, based upon complete returns from a majority of the 75 counties and partial returns and estimates from the remainder of the counties, place the total vote cast in the state at 252,000. Of this number Bryan received 122,475; Taft 106,450; Debs, 22,750; Hisgen, 225; and Watson, 100. This gives Mr. Bryan a plurality over Mr. Taft of 16,025. These figures represent a gain of 12,000 by the socialists.

Incomplete returns indicate that the state agency proposition has been defeated by a majority that may reach 10,000. The initiated school land sale bill has met defeat by a majority that probably will exceed these figures by several thousand. The other three questions are in doubt with the odds favoring success.

cess for the Torrens land system question.

Dispatches from the several counties indicate almost positively that the second legislature will consist of at least 106 democrats and 43 republicans in scattered sections of the state in the vote for representatives and in some instances particularly in Muskogee county, the entire representation is of a different political complexion.

Fulton Elected.

Oklahoma City, Nov. 4.—With returns from only one precinct missing, E. L. Fulton, democratic candidate for congress, has a plurality of 53 over Dick T. Morgan in Oklahoma county. The result of the balloting in Pottawatomie county is not known, and probably will not be until the election board canvasses the returns today. At any rate, Mr. Fulton will have a slight lead over Morgan.

After practically conceding that Morgan had won, early last evening, Mr. Fulton received a cheery surprise in reports from western counties, and late last night his friends were confident that he had won, though by a small plurality. Morgan supporters are claiming the victory by 500 to 750.

Candidates for Speaker.

Oklahoma City, Ok., Nov. 4.—Bert Tillotson, democrat, re-elected to the legislature from Nowata, and Milton Bryan, democrat, re-elected from Pottawatomie county, have announced themselves candidates for speaker of the next house of representatives. A. F. Vandeventer of Bartles-

ville and William Murdock of Pawnee were to have been candidates, but were defeated for re-election. A. H. Ellis, democratic member from Garfield county, also announces his

Ohio Elects Democratic Governor.

Cincinnati, Ohio, Nov. 4.—A plurality of about 50,000 for Judge Taft, republican candidate for president, was the election day expression of the voters of Ohio, who, however, at the same time chose the head of the opposition state ticket by a plurality of probably 20,000. More than half the precincts of the state are included in the figures that show these results, no estimate being considered, and any difference will be simply as to the size of the plurality, there being no question of the certainty of the result.

Republican Victories.

Muskogee, Ok., Nov. 4.—Unofficial but complete returns received tonight make the election of C. E. Creager to congress from the Third district a certainty. He carries the district by approximately 2,000. Mr. Davenport, Creager's opponent, who was here today said: "There seems to be little hope of my election."

Official returns of the city of Muskogee give Taft a majority of 329, Creager 284. The county goes 600 republican. Republicans made gains in Muskogee, McIntosh and Haskell counties, electing the following state officers: C. A. Cook, floratorial representative from Muskogee and Haskell counties; Harry Beeler of Checotah, state senator from Muskogee and McIntosh counties; Edward Merrick and John Knox, representatives from Muskogee county.

Chairman Thompson's Statement.

Shawnee, Okla., Nov. 4.—"Oklahoma will yet show a Bryan plurality of 25,000," said State Chairman J. B. Thompson this evening just before departing for his home at Pauls Valley.

"We would have reached 40,000 for Bryan had not the farmers been too busy picking cotton. A light vote was cast in the democratic strongholds. We kept our word to the nation and went to the Kansas line with a majority and fireworks in our pockets ready to join in a national demonstration, but we were not met by our sister states, therefore our fireworks have been preserved for another time.

"The legislature will be safely

democratic. Senator Gore will be returned to the United States senate, Commissioner Watson has been re-elected and Judge Hayes has a substantial majority. Chief Justice Williams had no opponent.

"The wild rumors of republican gains in Oklahoma are not to be taken seriously. We are in good shape in the state."

METHODIST CONFERENCE.

Large Attendance Gathered at Oklahoma City.

Oklahoma City, Nov. 4.—With simple service of welcome in the new auditorium of St. Luke's church the annual conference of the M. E. church, south, was opened in Oklahoma City last night. The Rev. W. M. Wilson of Duncan, Okla., preached the sermon. Today the big meeting of over 500 lay members of the church will be held, John R. Pepper, of Memphis, Tenn., head of the laymen's movement, will preside. W. C. Stubbs of Savannah, Ga., secretary of the laymen's conference, will also be present.

Tomorrow Bishop James Atkins of Waynesville, N. C., will open the conference which will last two days. Clergy from all over the state to the number of 500 will be present as well as many prominent divines from other parts of the south. Ed S. Vaught will deliver the address of welcome to the conference and Bishop Atkins will respond. The address of welcome to the laymen's conference will be made by Hon. C. D. Ames and President Pepper will reply.

Elaborate preparations have been made for receiving the large body of visitors, most of whom are already in the city.

Killed Wife With An Ax.

Haskell, Tex., Nov. 4.—Yesterday afternoon about sundown David Laughlin, a farmer residing near Sagerton, was arrested in connection with an assault upon his wife with an ax, from the effects of which she died today.

He was brought to Haskell last night and placed in the Haskell jail. They were married about two weeks ago and both belong to prominent families.

800,000 PEOPLE SEE THE FAIR.

Big Dallas Show Will Be \$100,000 to the Good This Year.

Dallas, Tex., Nov. 4.—Eight hundred thousand people or approximately that number, saw the varied attractions of the State Fair of Texas for 1908. They were drawn to this city by the best array of exhibits which the management of the Fair has ever presented. The gross receipts for 1908 may exceed \$275,000, which is \$28,000 more than was received in 1907, and 1907 held the record in this respect. Although the expenses for 1908 were heavier than ever before, it is believed that when the board of directors hold a meeting, ten days or two weeks hence, the net profits will be found to be more than \$100,000.

They also have a scenic first part with electrical effects, and a strong second part Olio of Specialties—Cakewalking, Dancing, Choruses, Marches, Drills—closing the evening's entertainment with a side-splitting funny operetta, thus sending the patrons home in good humor. They carry a big band and have a premium orchestra. Watch for the parade at noon. Ada Opera House, Nov. 11.

Reflections of a Bachelor.

The reason a woman always makes a much better decision than a man is she never does it on judgment. There's hardly anything the average man can lie about with so much enthusiasm as what perfect time his watch keeps.

There is only one thing a woman likes better than having nice, wavy hair herself, and that's imagining her daughter has it.

The reason a woman wants to marry off her daughters is to show how much smarter she is at it than women who haven't any.

A girl always pretends to a man that all the others make love to her; he always pretends to her he never made love to anybody else.

A Virginia Pudding.

Turn one pound of stoned raisins, one pound of dried currants, one-fourth of a pound of citron sliced thin into a large mixing bowl and dredge with flour. Add half a pound of fresh suet chopped small, then mix the whole thoroughly. In another bowl cream one-half pound of butter with an equal weight of sugar; add to this mixture the yolks of six eggs beaten smooth and one pint of rich sweet milk. Whip the whites of the eggs very stiff, then add them alternately with one and a quarter pounds of sifted flour to the mixture. Then stir into it the juice and grated rind of one lemon one teaspoonful each of cinnamon and cloves, one-half teaspoonful of mace, one grated nutmeg and one-half teaspoonful of soda dissolved in a little cold water. Lastly add the fruit, stirring and beating vigorously until the whole is thoroughly mixed. Pour into a well floured pudding bag, allowing plenty of room for swelling, drop into a roumpy pot of boiling water and boil continuously for five hours.

Serve hot with a sauce made as follows: Cream together one cupful of white sugar and a lump of butter the size of an egg. When smooth and white beat in the grated rind of a lemon and the whipped white of an egg.

THEATRE TALK NO. 7

AS THE YEARS GO BY AND "THE TWO ORPHANS" PLAYS TO LARGE AND INTERESTED AUDIENCES SEASON AFTER SEASON,

A Story That Will
Never Grow Old.

while other plays, good strong plays, too, are born and die in a short time, the question is often asked, why "THE TWO ORPHANS" has outlived thousands of other plays? In a word one might answer because it has all the elements of success which other plays only possess in a degree.

There is scarcely a passion known to humanity that is not shown in its utmost strength, both as cause and effect, in this wonderful play, and withal these fierce human passions are so closely interwoven in the threads of the story that it forms a drama that stands almost unrivalled as regards powerful effect and deepest pathos. In fact, pathos is the keynote struck by a master hand in a way that has drawn the tears of millions of people since its first production. It is doubtful if a story of more pathetic interest has ever been or ever will be written than this tale of two friendless girls.

"HAVE YOU EVER THOUGHT OF ESCAPE?"

being left alone in the gay city of Paris, both beautiful and one of them blind; their separation, and the hideous dangers they fall into; the bitter hidden yearning of the Countess for the child torn by cruel fate from her breast; the piteous figure of Pierre; the sad history of Marianne, are all phases of life that touch the tenderest chords of our natures.

WORDS AND FASHIONS, CUSTOMS AND MANNERS MAY CHANGE, but as long as humanity exists our passions can never change, good and evil will battle for supremacy, and just so long a play like "THE TWO ORPHANS" that epitomizes the best and worst of life's history will live, and succeeding generations will applaud its virtue and hiss its vice, FOR THE STRENGTH OF THIS PLAY OF PLAYS IS IN ITS TRUE HEART INTEREST.

It is Held as a
Cherished Memory.

Our patrons tell us it's a pleasure to see such a play and production as this. They couldn't tell us anything that would please us more. THE PLAY WILL BE HERE SOON AND THE MANAGEMENT SAYS "YOUR MONEY'S WORTH OR YOUR MONEY BACK."

ADA OPERA HOUSE, WEDNESDAY NOV. 11

SOME DEMOCRATIC GAINS

Victory in Nebraska is Complete and Democratic Governors win Several Republican States.

In five states indications this morning are that, while the electoral vote was cast for Taft, democratic governors were chosen.
These are the states:
North Dakota—(Taft), C. A. Johnson (Dem.)
Indiana—(Taft), T. R. Marshall (Dem.)
Ohio—(Taft), Judson Harmon (Dem.)
Minnesota—(Taft), John Johnson (Dem.)
Michigan—(Taft), Lawton T. Hewans (Dem.)

New York, Nov. 4.—Returns received up to a late hour tonight indicate that William H. Taft, as president-elect, will have a vote of 309 in the electoral college. This is within 16 votes of the forecast made by National Chairman Hitchcock and 67 more than a majority of the total electoral vote of 483. If Missouri goes for Taft his total may reach 317. News of the late returns indicate that Maryland, after vacillating during the day and apparently being safe for the democracy, has been swung into the Taft column.

The unofficial figures give Mr. Taft the state by 136 votes.
Indiana and West Virginia, as well as Montana, turned out to be safely republican. Colorado went for Bryan

States Bryan Carried.
The states certainly carried by Bryan are as follows:
Alabama, 11; Arkansas, 9; Colorado, 5; Florida, 5; Georgia, 13; Kentucky, 13; Louisiana, 9; Mississippi, 10; Nevada, 3; Nebraska, 8; North Carolina, 12; Oklahoma, 7; South Carolina, 9; Tennessee, 12; Texas, 18; and Virginia, 12. Total 156.

All the rest of the states are safe for Taft with the exception of Maryland and Missouri, where the issue is so close that an official count may be necessary to finally determine the result.

Chairman Mack's Statement.
New York, Nov. 4.—Declaring the democratic party is more united today than it has been in many years; that Mr. Bryan was defeated by what was misrepresentation to the effect that his election would hurt business interests, Chairman Mack of the democratic national committee this afternoon issued a statement in which he announces executive committee plans to advance the party's interest during the next four years.

Mr. Mack's statement in full follows:

"There is not much for me to say and no apologies to make relative to the victory of the republican party. Mr. Bryan made the most magnificent fight ever waged by a candidate. The party was made the victim of misrepresentation—a misrepresentation that democratic success would retard the business interests of the country. That was of course an argument without foundation in fact.

"Notwithstanding yesterday's defeat the democratic party stands more united today than it has in many years and in this union lies its future strength and power of recuperation.

"It is my intention to continue headquarters in Buffalo and Washington for the next four years to keep in touch with the leaders of all the states and promulgate democratic thought by the printing of literature to aid the leaders of the party in fighting the high tariff which in all probability the republicans will continue, notwithstanding their promises to revise. I am supported in this by the members of the national committee, state chairman and other leaders all over the country.

Bryan's Nebraska Victory.
"In his own state, Nebraska, where he is best known, Mr. Bryan was victorious. While it is true that he met with defeat in the nation, he did so as the candidate of his party supported by the 6,000,000 or 7,000,000 of his countrymen who voted for him and his principles he so splendidly espoused, and with the respect and admiration of the entire nation."

Bryan's State Democratic.
Lincoln, Neb., Nov. 4.—Returns today and tonight on Tuesday's election which, while far from complete, are sufficiently definite to confirm and emphasize the first report that the democrats have made a sweeping victory in Nebraska. The state ticket and candidate for congress in most instances are running parallel with Bryan, who was expected to lead the ticket by several thousand. Complete returns from a third of the counties and scattering precinct returns from most of the remainder show that Bryan will have a plurality of not less than 10,000, and that Shallbeger, democratic candidate for governor, and the balance of the democratic ticket will have hardly a thousand less.

But the democratic victory does not stop there. At least four or probably five of Nebraska's six congressmen are democratic officially, one republican, Hinchshaw, in the 4th district, being assured of escaping defeat. There is a close fight in the Fifth district between Norris, republican, and Ashton, democrat.

The greatest surprise of all is the overwhelmingly majority of the democrats in the legislature. Of the 133 senators and representatives elected, the canvassers of returns tonight could find but eighteen republicans who had won. These of course are incomplete, but the republican committee concedes the democrats will control both houses.

Maryland in Doubt.
Baltimore, Md., Nov. 4.—The political pendulum has swung once more, and tonight, on the face of unofficial returns, Taft has carried Maryland by 136 votes.

Maryland has again distinguished itself as probably the most doubtful state, politically in the union. Both sides are claiming the state, but as several precincts in remote sections are missing, the official count will have to decide it.

The majority is so small that it is quite possible that the official count and the full returns may change the result, or at least show that the electoral vote of the state has been split, as it was four years ago, when Roosevelt got 1 and Parker 7 of the 8 votes.

Indiana State Ticket Democratic.
Indianapolis, Ind., Nov. 4.—A radical change in Indiana's representation in the national house of representatives was the most striking feature of yesterday's election. The latest unofficial returns complete give the democratic party eleven members, and the republicans two. This is a gain of seven members for the democrats, the former representation

being nine republicans and four democrats.

William H. Taft carried the state for president, according to incomplete returns, by about 8,000. Thomas R. Marshall, democratic candidate for governor, and the entire democratic ticket, are probably elected by a plurality around 16,000.

The state legislature is probably democratic, which means that a successor to Senator James A. Hemenway will be chosen. In this connection the name of John W. Kern is mentioned.

The defeat of Congressman Jesse Overstreet and Charles B. Landis, who were regarded as fixtures in the lower house of congress, is regarded as quite a surprise.

After all the oratory, this is the day that the still small voice of the ballot gets in its work.—Kansas City Star.

Yes, it has been well said, that these decrees of the sovereign voters fall as silently and softly as the snowflakes in the valley at midnight. But what a racket before and after their silent work.

Now let all hands return determinedly to work. Let us save every lock of cotton, every ear of corn and every pound of meat that beneficent nature has put within our reach.—Dallas News.

That is timely advice at all times, and is especially so since the republican victory. While the prosperity of last year has not yet entirely passed away there may be another and worse one any time, so it is well to garner all we can.

MR. BAITY'S SUCCESS.

Five years ago W. A. Baity started in business at Denison with just \$1,170 and good common sense as his stock in trade. He has sold out his business to net him \$41,800. There is a secret in the success that Mr. Baity has attained, and he tells it in his own language so that any merchant with enough pluck can do as he has done. Here is what he says: "No store now can hope to do business long without the liberal use of printers ink. Merchants no longer look upon advertising as an expense. It is in reality an investment, the same as we invest our money when we buy goods. I consider newspaper advertising as essential as paying rent and other necessary expenses. I don't mind saying that my newspaper advertising was one of the two great factors in the building up of my business. My advertising bills some months have been extremely heavy, yet it was one of the greatest investments I ever made"—Brownsville Bulletin.

There is no question about the efficacy of advertising in building up any business, and those who neglect this important aid are the losers.

Advertising has long since passed the experimental stage and is now one of the greatest means of securing enlarged business that can be conceived.

Manufacturing establishments and wholesale concerns are either reducing the number of their traveling representatives or stopping them altogether, and resorting to the advertising columns of the daily and weekly newspapers to reach the buying public.

The railroads and banks, which are considered necessary conveniences and indispensable to the public in conducting business, are also liberal advertisers. In fact no concern of whatever size or importance can any longer expect to prosper without advertising.

What Senator Tillman Learned Abroad.

Everybody who talked with Senator Tillman when he was in Washington the other day remarked that while his utterances were just as characteristic as ever, there were no frills or oral decorations that couldn't have been uttered in an old maid's home. So a newspaper man, who talked for some time with Mr. Tillman and who remarked the absence of verbal tobacco, remarked about it.

"What's the matter, senator," he

asked, "have you sworn off cursing?"

The senator stretched his mouth into that terrifying grin of his. "No," he replied, "except in English. While I was abroad I got interested in Spanish and I soon found that when it comes to profanity that language is in a class by itself. Shucks! I'll bet the president of the senate will have some trouble in calling me in order hereafter."

AT THE LAST MINUTE.

How Quick Thinking Led to Saving Hayes in 1876.

Speaking of minor incidents that determine great events:

If the managing editor of the New York Times in 1876, had been a man readily discouraged, the chances are that Tilden would have succeeded Grant in the White House. But because he was hopeful and a prominent democrat was timorous, the office was awarded to Hayes. It happened thus way:

On the morning of November 3, 1876, every New York newspaper except two—the Herald and the Times—virtually recorded Tilden's election. The Herald questioned the outcome with the headline, "Which Is Elected?" The Times, then a republican newspaper, claimed a majority of one for Hayes in the electoral colleges and offered a detailed statement to back its assertion. To do this it had reversed the statement in its midnight edition that victory was with the democrats.

This reversal was based solely on a curious circumstance. Shortly after midnight a messenger boy brought a note to John C. Ried, its managing editor. The note was from Senator Barnum, a personal friend of Ried's who had been chairman of the democratic national committee and was then chairman of the executive committee. It inquired briefly if the Times had news from Florida, South Carolina, Oregon and Louisiana.

Now the significance of the inquiry lay in the fact that these four states had twenty-two electoral votes and that if they could be transferred from Tilden to Hayes they would elect the republican candidate by a plurality of one. With those states democratic the vote stood 206 for Tilden to 163 for Hayes. If they were republican Tilden would have only 184 to Hayes' 185.

Mr. Ried, being trained by his newspaper experience to be on the lookout for just such odd combinations, figured out this arithmetical problem before he replied to Barnum. Its obvious corollary at once occurred to him. Evidently the democrats were not quite certain of those four states. That was data enough for him. He replied at once that the republicans had carried all

four. Then he stopped the presses and got out a new edition claiming the election of Hayes, after which he posted off to the Fifth Avenue hotel, where he found that the republican chairman, Senator "Zach" Chandler of Michigan, had gone to bed supposing the party badly beaten. W. E. Chandler of new Hampshire, secretary of the republican national committee, arrived just then and the two men got the chairman up. It was decided to wire to republican leaders in all doubtful states to "clam everything," and an announcement of Hayes' election was given out.

This was the beginning of the political struggle that ended with the organization of an electoral commission that counted Hayes in.

PRESS COMMENT.

Those "after election" campaign contributions will now be brought to light. They will show how the trusts, the commorants of the public, contributed, maybe.—Ardmoreite.

The election is over, and the next thing is something else; but why do the elections always come just in time to make a good many people feel like not giving thanks on Thanksgiving Day?—Dallas News.

It was a campaign which Mr Archbold is not going to forget for a long time to come and incidentally there are others who will likewise recall the year when most people have forgotten all about it—Denison Herald.

The Simple Life.

When any man may, if he please, thus live at peace and liberty abroad in the open fields, or his own gardens, what reason is there why he should affect and pursue honors and not rather modestly bound his desires with the calmness and security of that condition? For, to hunt after glory by the ostentation of virtue, of science, of eloquence, of nobility, of wealth, of attendants, or rich clothes, or beauty garb and the like—seriously, it is altogether the fame of ridiculous vanity, and in all things modesty exacts no more than this, that we do not, through rusticity, want of a decent garb or too much negligence, do anything that doth not correspond with civility and decorum. For it is equally vile, and doth as much denote a base or abject mind, to grow indolent and lofty upon the possession of these adjuncts of magnificence, as to become dejected, or sunk in spirit, at the loss of want of them.

DISPENSARY AGENCY STATUS

Guthrie, Okla., Nov. 4.—"I feel that we have a fighting chance to win but that is all," was the way State Dispensary Superintendent Lozier expressed his opinion of the outlook as far as the vote on the state agency question, officially known as state question No. 1, is concerned.

Mr. Lozier fears the vote from the east and south part of the state will defeat the proposition. He is frankly disappointed at the reception of the proposition in some of the northern counties, although he points to Oklahoma and Logan county as indicating a gain over the vote against constitutional prohibition. Offsetting that feature, however, is the fact that the east side voters last year gave prohibition its great majority, while this year Mr. Lozier admits that he expects no help from that section of the state. The agency probably has lost and by a large majority. On the other hand, if the trend, as indicated in the reports to date, continue, it will lead the other four questions submitted.

There is this to figure on the dispensary vote, however, and must not be lost sight of, and it is the only straw left to the agency's supporters: There must be a majority vote cast against the question, or it remains a statute and intact. For instance, if 200,000 votes were cast on the proposition, the opposition must have over 100,000 to defeat it. While the system could not be incorporated in the constitution without receiving a proportionate majority, it cannot be abrogated if the vote were, suppose, 95,000.

Mr. Lozier feels that the agency has been grossly misrepresented and is widely misunderstood, especially among ardent and sincere prohibitionists.

It isn't so difficult to strengthen a weak stomach if one goes at it correctly. And this is true of the heart and kidneys. The old fashioned way of dosing the stomach or stimulating the heart or kidneys is surely wrong! Dr. Shoop's first pointed out this error. "Go to the weak of ailing nerves of those organs," said he. Each inside organ has its controlling or "inside nerve." When these nerves fail then those organs must surely falter. This vital truth is leading druggists everywhere to dispense and recommend Dr. Shoop's Resorative. A few days test will surely tell! Sold by G. M. Ramsey. 291mo

SOME DEMOCRATIC GAINS

(Continued from page 1.)

Colorado Democratic.

Denver, Colo., Nov. 4.—Estimated pluralities by counties, based on incomplete returns, show that Bryan and the entire democratic state ticket, headed by John F. Shafroth for governor, carried Colorado with pluralities in the neighborhood of 5,000. The democrats probably will control the legislature by a narrow margin insuring the election of Charles J. Hughes, Jr., as United States senator to succeed Teller, Hughes having been endorsed for the position by the state convention.

Results of the congressional elections are not positively known, but indications favor Edward M. Taylor, democrat, in the state at large; Robert W. Bouyuge, republican, in the First district, and John A. Martin, democrat, in the Second district.

Missouri in Doubt.

St. Louis, Mo., Nov. 4.—The electoral vote of Missouri is in doubt. Late returns from the city of St. Louis and from rural districts reducing the strong lead of Bryan last night so that at 10 o'clock tonight it is impossible to say definitely who has carried the state.

The complexion of the next legislature is also in doubt, although the indications are that the democrats will control it by four or five votes on joint ballot. This will assure the re-election of William J. Stone to the United States senate. The republican senatorial nomination 22,750; Hisgen, 225, and Watson, McKinley.

The republicans have apparently elected Herbert S. Hadley for governor by at least 8,000 plurality, and the probabilities are that he has carried the entire state ticket with him.

Oklahoma City, Nov. 4.—Estimates made by the Oklahoman last night, based upon complete returns from a majority of the 75 counties and partial returns and estimates from the remainder of the counties, place the total vote cast in the state at 252,000. Of this number Bryan received 122,475; Taft 106,450; Debs, 22,750; Hisgen, 225; and Watson, 100. This gives Mr. Bryan a plurality over Mr. Taft of 16,025. These figures represent a gain of 12,000 by the socialists.

Incomplete returns indicate that the state agency proposition has been defeated by a majority that may reach 10,000. The initiated school land sale bill has met defeat by a majority that probably will exceed these figures by several thousand. The other three questions are in doubt with the odds favoring success.

question. Dispatches from the several counties indicate almost positively that the second legislature will consist of at least 106 democrats and 43 republicans in scattered sections of the state in the vote for representatives and in some instances particularly in Muskogee county, the entire representation is of a different political complexion.

Fulton Elected.
Oklahoma City, Nov. 4.—With returns from only one precinct missing, E. L. Fulton, democratic candidate for congress, has a plurality of 53 over Dick T. Morgan in Oklahoma county. The result of the balloting in Pottawatomie county is not known, and probably will not be until the election board canvasses the returns today. At any rate, Mr. Fulton will have a slight lead over Morgan.

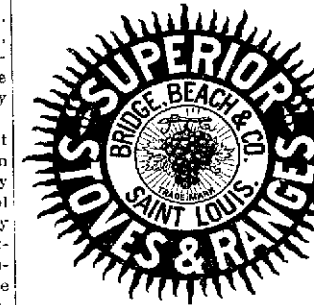

After practically conceding that Morgan had won, early last evening, Mr. Fulton received a cheery surprise in reports from western counties, and late last night his friends were confident that he had won, though by a small plurality. Morgan supporters are claiming the victory by 500 to 750.

Candidates for Speaker.
Oklahoma City, Ok., Nov. 4.—Bert Tillotson, democrat, re-elected to the legislature from Nowata, and Milton Bryan, democrat, re-elected from Pottawatomie county, have announced themselves candidates for speaker of the next house of representatives. A. F. Vandeventer of Bartlesville and William Murdock of Pawnee were to have been candidates, but were defeated for re-election. A. H. Ellis, democratic member from Garfield county, also announces his candidacy for speaker.

Ohio Elects Democratic Governor.
Cincinnati, Ohio, Nov. 4.—A plurality of about 50,000 for Judge Taft, republican candidate for president, was the election day expression of the voters of Ohio, who, however, at the same time chose the head of the opposition state ticket by a plurality of probably 20,000. More than half the precincts of the state are included in the figures that show these results, no estimate being considered, and any difference will be simply as to the size of the plurality, there being no question of the certainty of the result.

Republican Victories.
Muskogee, Ok., Nov. 4.—Unofficial but complete returns received tonight make the election of C. E. Creager to congress from the Third district a certainty. He carries the district by approximately 2,000. Mr. Davenport, Creager's opponent, who was here today said: "There seems to be little hope of my election."

Official returns of the city of Muskogee give Taft a majority of 329, Creager 284. The county goes 600 republican. Republicans made gains in Muskogee, McIntosh and Haskell counties, electing the following state officers: C. A. Cook, floratorial representative from Muskogee and Haskell counties; Harry Beeler of Checotah, state senator from Muskogee and McIntosh counties; Edward Merrick and John Knox, representatives from Muskogee county.

Chairman Thompson's Statement.
Shawnee, Okla., Nov. 4.—"Oklahoma will yet show a Bryan plurality of 25,000," said State Chairman J. B. Thompson this evening just before departing for his home at Pauls Valley.

"We would have reached 40,000 for Bryan had not the farmers been too busy picking cotton. A light vote was cast in the democratic stronghold. We kept our word to the nation and went to the Kansas line with a majority and fireworks in our pockets ready to join in a national demonstration, but we were not met by our sister states, therefore our fireworks have been preserved for another time.

THEATRE TALK NO. 7

AS THE YEARS GO BY AND "THE TWO ORPHANS" PLAYS TO LARGE AND INTERESTED AUDIENCES SEASON AFTER SEASON,

A Story That Will Never Grow Old.

There is scarcely a passion known to humanity that is not shown in its utmost strength, both as cause and effect, in this wonderful play, and withal these fierce human passions are so closely interwoven in the threads of the story that it forms a drama that stands almost unrivalled as regards powerful effect and deepest pathos. In fact, pathos is the keynote struck by a master hand in a way that has drawn the tears of millions of people since its first production. It is doubtful if a story of more pathetic interest has ever been or ever will be written than this tale of two friendless girls

being left alone in the gay city of Paris, both beautiful and one of them blind; their separation, and the hideous dangers they fall into; the bitter hidden yearning of the Countess for the child torn by cruel fate from her breast; the piteous figure of Pierre; the sad history of Marianne, are all phases of life that touch the tenderest chords of our natures.

"HAVE YOU EVER THOUGHT OF ESCAPE?"

WORDS AND FASHIONS, CUSTOMS AND MANNERS MAY CHANGE, but as long as humanity exists our passions can never change, good and evil will battle for supremacy, and just so long a play like "THE TWO ORPHANS" that epitomizes the best and worst of life's history will live, and succeeding generations will applaud its virtue and hiss its vice, FOR THE STRENGTH OF THIS PLAY OF PLAYS IS IN ITS TRUE HEART INTEREST.

Our patrons tell us it's a pleasure to see such a play and production as this. They couldn't tell us anything that would please us more. THE PLAY WILL BE HERE SOON AND THE MANAGEMENT SAYS "YOUR MONEY'S WORTH OR YOUR MONEY BACK."

It is Held as a Cherished Memory.

SOME DEMOCRATIC GAINS

Victory in Nebraska is Complete and
Democratic Governors win
Several Republican States.

In five states indications this morning are that, while the electoral vote was cast for Taft, democratic governors were chosen.

These are the states:
North Dakota—(Taft), C. A. Johnson (Dem.)
Indiana—(Taft), T. R. Marshall (Dem.)
Ohio—(Taft), Judson Harmon (Dem.)
Minnesota—(Taft), John Johnson (Dem.)
Michigan—(Taft), Lawton T. Hewans (Dem.)

New York, Nov. 4.—Returns received up to a late hour tonight indicate that William H. Taft, as president-elect, will have a vote of 309 in the electoral college. This is within 16 votes of the forecast made by National Chairman Hitchcock and 67 more than a majority of the total electoral vote of 453. If Missouri goes for Taft his total may reach 317. News of the late returns indicate that Maryland, after vacillating during the day and apparently being safe for the democracy, has been swung into the Taft column.

The unofficial figures give Mr. Taft the state by 138 votes.

Indiana and West Virginia, as well as Montana, turned out to be safely republican. Colorado went for Bryan.

States Bryan Carried.

The states certainly carried by Bryan are as follows:

Alabama, 11; Arkansas, 9; Colorado, 5; Florida, 5; Georgia, 13; Kentucky, 13; Louisiana, 9; Mississippi, 10; Nevada, 3; Nebraska, 8; North Carolina, 12; Oklahoma, 7; South Carolina, 9; Tennessee, 12; Texas, 18; and Virginia, 12. Total 136.

All the rest of the states are safe for Taft with the exception of Maryland and Missouri, where the issue is so close that an official count may be necessary to finally determine the result.

Chairman Mack's Statement.

New York, Nov. 4.—Declaring the democratic party is more united today than it has been in many years; that Mr. Bryan was defeated by what was misrepresentation to the effect that his election would hurt business interests, Chairman Mack of the democratic national committee this afternoon issued a statement in which he announces executive committee plans to advance the party's interest during the next four years.

Mr. Mack's statement in full follows:

"There is not much for me to say and no apologies to make relative to the victory of the republican party. Mr. Bryan made the most magnificent fight ever waged by a candidate. The party was made the victim of misrepresentation—a misrepresentation that democratic success would retard the business interests of the country. That was of course an argument without foundation in fact.

"Notwithstanding yesterday's defeat the democratic party stands more united today than it has in many years and in this union lies its future strength and power of recuperation.

"It is my intention to continue headquarters in Buffalo and Washington for the next four years to keep in touch with the leaders of all the states and promulgate democratic thought by the printing of literature to aid the leaders of the party in fighting the high tariff which in all probability the republicans will continue, notwithstanding their promises to revise. I am supported in this by the members of the national committee, state chairman and other leaders all over the country.

Bryan's Nebraska Victory.

"In his own state, Nebraska, where he is best known, Mr. Bryan was victorious. While it is true that he met with defeat in the nation, he did so as the candidate of his party supported by the 6,000,000 or 7,000,000 of his countrymen who voted for him and his principles he so splendidly espoused, and with the respect and admiration of the entire nation."

Bryan's State Democratic.

Lincoln, Neb., Nov. 4.—Returns today and tonight on Tuesday's election which, while far from complete, are sufficiently definite to confirm and emphasize the first report that the democrats have made a sweeping victory in Nebraska. The state ticket and candidate for congress in most instances are running parallel with Bryan, who was expected to lead the ticket by several thousand. Complete returns from a third of the counties and scattering precinct returns from most of the remainder show that Bryan will have a plurality of not less than 10,000, and that Shalbarger, democratic candidate for governor, and the balance of the democratic ticket will have hardly a thousand less.

But the democratic victory does not stop there. At least four or probably five of Nebraska's six congressmen are democratic officially, one republican, Hinchshaw, in the 4th district, being assured of escaping defeat. There is a close fight in the Fifth district between Norris, republican, and Ashton, democrat.

The greatest surprise of all is the overwhelmingly majority of the democrats in the legislature. Of the 133 senators and representatives elected, the canvassers of returns tonight could find but eighteen republicans who had won. These of course are incomplete, but the republican committee concedes the democrats will control both houses.

Maryland in Doubt.

Baltimore, Md., Nov. 4.—The political pendulum has swung once more, and tonight, on the face of unofficial returns, Taft has carried Maryland by 136 votes.

Maryland has again distinguished itself as probably the most doubtful state, politically in the union. Both sides are claiming the state, but as several precincts in remote sections are missing, the official count will have to decide it.

The majority is so small that it is quite possible that the official count and the full returns may change the result, or at least show that the electoral vote of the state has been split, as it was four years ago, when Roosevelt got 1 and Parker 7 of the 8 votes.

Indiana State Ticket Democratic.

Indianapolis, Ind., Nov. 4.—A radical change in Indiana's representation in the national house of representatives was the most striking feature of yesterday's election. The latest unofficial returns complete give the democratic party eleven members and the republicans two. This is a gain of seven members for the democrats, the former representation

being nine republicans and four democrats.

William H. Taft carried the state for president, according to incomplete returns, by about 8,000. Thomas R. Marshall, democratic candidate for governor, and the entire democratic ticket, are probably elected by a plurality around 16,000.

The state legislature is probably democratic, which means that a successor to Senator James A. Hemenway will be chosen. In this connection the name of John W. Kern is mentioned.

The defeat of Congressman Jesse Overstreet and Charles B. Landis, who were regarded as fixtures in the lower house of congress, is regarded as quite a surprise.

Yes it has been well said that these decrees of the sovereign voters fall as silently and softly as the snowflakes in the valley at midnight. But what a racket before and after their silent work

MR. BARTY'S SUCCESS.

Five years ago W A Bartly started in business at Denison with just \$1170 and good common sense as his stock in trade. He has sold out his business to net him \$41890. There is a secret in the success that Mr Bartly has attained and he tells it in his own language so that any merchant with enough pluck can do as he has done. Here is what he says: "No store now can hope to do business long without the liberal use of printers ink. Merchants no longer look upon advertising as an expense. It is in reality an investment the same as we invest our money when we buy goods. I consider newspaper advertising as essential to paying rent and other necessary expenses. I don't mind saying that my newspaper advertising was one of the two great factors in the building up of my business. My advertising bills some months have been extremely heavy yet it was one of the greatest investments I ever made—Brownsville Bulletin

There is no question about the efficacy of advertising in building up any business and those who neglect this important aid are the losers

Advertising has long since passed the experimental stage and is now one of the greatest means of securing enlarged business that can be conceived

Manufacturing establishments and wholesale concerns are either reducing the number of their traveling representatives or stopping them all together and resorting to the advertising columns of the daily and weekly newspapers to reach the buying public

The railroads and banks which are considered necessary conveniences and indispensable to the public in conducting business are also liberal advertisers. In fact no concern of whatever size or importance can any longer expect to prosper without advertising

What Senator Tillman Learned Abroad.

Everybody who talked with Senator Tillman when he was in Washington the other day remarked that while his utterances were just as characteristic as ever, there were no frills or oral decorations that couldn't have been uttered in an old maid's home. So a newspaper man who talked for some time with Mr Tillman and who remarked the absence of verbal tobacco remarked about it

Whats the matter senator "he

asked have you sworn off cussing?"

The senator stretched his mouth into that terrifying grin of his. "No he replied except in English. While I was abroad I got interested in Spanish and I soon found that when it comes to profanity that language is in a class by itself. Shucks! I'll bet the president of the senate will have some trouble in calling me in order hereafter

AT THE LAST MINUTE.

How Quick Thinking Led to Saving Hayes in 1876.

Speaking of minor incidents that determine great events

It is the managing editor of the New York Times in 1876 had been a man readily discouraged the chances are that Tilden would have succeeded. Giant in the White House. But because he was hopeful and a prominent democrat was rumored the office was awarded to Hayes. It happened this way: On the morning of November 3 1876 every New York newspaper except two—the Herald and the Times—virtually recorded Tildens election. The Herald questioned the outcome with the headline: Which Is Elected? The Times then a republican newspaper, named a majority of one for Hayes in the electoral colleges and offered a detailed statement to back its assertion. To do this it had reversed the statement in its midnight edition that victory was with the democrats

This reversal was based solely on a curious circumstance. Shortly after midnight a messenger brought a note to John C Ried its managing editor. The note was from Senator Barnum a personal friend of Rieds who had been chairman of the democratic national committee and was then chairman of the executive committee. It inquired briefly if the Times had news from Florida South Carolina Oregon and Louisiana

Now the significance of the inquiry lay in the fact that these four states had twenty-two electoral votes and that if they could be transferred from Tilden to Hayes they would elect the republican candidate by a plurality of one. With those states democratic the vote stood 206 for Tilden to 163 for Hayes. If they were republican Tilden would have only 184 to Hayes 185

Mr Ried being trained by his newspaper experience to be on the lookout for just such odd combinations figured out this arithmetical problem before he replied to Barnum. Its obvious corollary at once occurred to him. Evidently the democrats were not quite certain of those four states. That was data enough for him. He replied at once that the republicans had carried all

four. Then he stopped the presses and got out a new edition claiming the election of Hayes after which he posted off to the Fifth Avenue hotel where he found that the republican chairman Senator Zach Chandler of Michigan had gone to bed supposing the party badly beaten. W E Chandler of new Hampshire secretary of the republican national committee arrived just then and the two men got the chair man up. It was decided to wire to republican leaders in all doubtful states to claim everything and an announcement of Hayess election was given out

This was the beginning of the political struggle that ended with the organization of an electoral commission that counted Hayes in

The Simple Life.

When any man may if he please thus live at peace and liberty abroad in the open fields or his own gardens what reason is there why he should affect and pursue honors and not rather modestly bound his desires with the calmness and security of that condition? For to hunt after glory by the ostentation of virtue or science or eloquence or nobility of wealth of attendants or rich clothes of beauty and the like—seriously it is altogether the fame of ridiculous vanity and in all things modesty exerts no more than this that we do not through rusticity want of a decent garb or too much negligence do anything that doth not correspond with civility and decorum. For it is equally vile and doth as much devote a base or abject mind to grow indolent and lofty upon the possession of these adjuncts of magnificence as to become dejected or sunk in spirit at the loss of want of them

DISPENSARY AGENCY STATUS

Guthrie Okla Nov 4—I feel that we have a fighting chance to win but that is all was the way State Dispensary Superintendent Lozier expressed his opinion of the outlook as far as the vote on the state agency question officially known as state question No 1 is concerned

Mr Lozier fears the vote from the east and south part of the state will defeat the proposition. He is frankly disappointed at the reception of the proposition in some of the northern counties although he points to Oklahoma and Logan county as indicating a gain over the vote against constitutional prohibition. Offsetting that feature however is the fact that the east side voters last year gave prohibition its great majority while this year Mr Lozier admits that he expects no help from that section of the state

The agency probably has lost and by a large majority. On the other hand if the trend as indicated in the reports to date continue it will lead the other four questions submitted

There is this to figure on the dispensary vote however and must not be lost sight of and it is the only straw left to the agency's supporters. There must be a majority vote cast against the question or it remains a statute and intact. For instance if 200 000 votes were cast on the proposition the opposition must have over 100 000 to defeat it. While the system could not be incorporated in the constitution without receiving a proportionate majority it cannot be abrogated if the vote were suppose 95 000

Mr Lozier feels that the agency has been grossly misrepresented and is widely misunderstood especially among ardent and sincere prohibitionists

The old fashioned way of dosing the stomach or stimulating the heart or kidneys is surely wrong! Dr Shoops first pointed out this error. Go to the weak or ailing nerves of those organs said he. SOME DEMOCRATIC GAINS

(Continued from page 1.)

Colorado Democratic.

Denver, Colo., Nov. 4.—Estimated pluralities by counties, based on incomplete returns, show that Bryan and the entire democratic state ticket, headed by John P. Shaffroth for governor, carried Colorado with pluralities in the neighborhood of 5,000. The democrats probably will control the legislature by a narrow margin insuring the election of Charles J. Hughes, Jr., as United States senator to succeed Teller, Hughes having been endorsed for the position by the state convention.

Results of the congressional elections are not positively known, but indications favor Edward M. Taylor, democrat, in the state at large; Robert W. Bonnyge, republican, in the First district, and John A. Martin, democrat, in the Second district.

Missouri in Doubt.

St. Louis, Mo., Nov. 4.—The electoral vote of Missouri is in doubt, late returns from the city of St. Louis and from rural districts reducing the strong lead of Bryan last night so that at 10 o'clock tonight it is impossible to say definitely who has carried the state.

The complexion of the next legislature is also in doubt, although the indications are that the democrats will control it by four or five votes on joint ballot. This will assure the re-election of William J. Stone to the United States senate.

The republican senatorial nomination 22,750; Hagen, 225, and Watson, McKinley.

The republicans have apparently elected Herbert S. Hadley for governor by at least 3,000 plurality, and the probabilities are that he has carried the entire state ticket with him.

Oklahoma City, Nov. 4.—Estimates made by the Oklahoman last night, based upon complete returns from a majority of the 75 counties and partial returns and estimates from the remainder of the counties, place the total vote cast in the state at 232,000. Of this number Bryan received 122,475; Taft 106,450; Debs, 22,750; Hagen, 225, and Watson, 100. This gives Mr. Bryan a plurality over Mr. Taft of 16,025. These figures represent a gain of 12,000 by the socialists.

Incomplete returns indicate that the state agency proposition has been defeated by a majority that may reach 10,000. The initiated school land sale bill has met defeat by a majority that probably will exceed these figures by several thousand. The other three questions are in doubt with the odds favoring success for the Torrens land system question.

Dispatches from the several counties indicate almost positively that the second legislature will consist of at least 106 democrats and 43 republicans in scattered sections of the state in the vote for representatives and in some instances particularly in Muskogee county, the entire representation is of a different political complexion.

Fulton Elected.

Oklahoma City, Nov. 4.—With returns from only one precinct missing, E. L. Fulton, democratic candidate for congress, has a plurality of 33 over Dick T. Morgan in Oklahoma county. The result of the balloting in Pottawatomie county is not known, and probably will not be until the election board canvasses the returns today. At any rate, Mr. Fulton will have a slight lead over Morgan.

After practically conceding that Morgan had won, early last evening, Mr. Fulton received a cheery surprise in reports from western counties, and late last night his friends were confident that he had won, though by a small plurality. Morgan supporters are claiming the victory by 500 to 750.

Candidates for Speaker.

Oklahoma City, Ok., Nov. 4.—Bert Tillotson, democrat, re-elected to the legislature from Nowata, and Milton Bryan, democrat, re-elected from Pottawatomie county, have announced themselves candidates for speaker of the next house of representatives. A. F. Vandeventer of Bartlesville and William Murdock of Pawnee were to have been candidates, but were defeated for re-election. A. H. Ellis, democratic member from Garfield county, also announces his candidacy for speaker.

Ohio Elects Democratic Governor.

Cincinnati, Ohio, Nov. 4.—A plurality of about 50,000 for Judge Taft, republican candidate for president, was the election day expression of the voters of Ohio, who, however, at the same time chose the head of the opposition state ticket by a plurality of probably 20,000. More than half the precincts of the state are included in the figures that show these results, no estimate being considered, and any difference will be simply as to the size of the plurality, there being no question of the certainty of the result.

Republican Victories.

Muskogee, Ok., Nov. 4.—Unofficial but complete returns received tonight make the election of C. E. Creager to congress from the Third district a certainty. He carries the district by approximately 2,000. Mr. Davenport, Creager's opponent, who was here today said: "There seems to be little hope of my election."

Official returns of the city of Muskogee give Taft a majority of 329, Creager 284. The county goes 600 republican. Republicans made gains in Muskogee, McIntosh and Haskell counties, electing the following state officers; C. A. Cook, republican representative from Muskogee and Haskell counties; Harry Beeler of Checotah, state senator from Muskogee and McIntosh counties; Edward Merrick and John Knox, representatives from Muskogee county.

Chairman Thompson's Statement.

Shawnee, Okla., Nov. 4.—"Oklahoma will yet show a Bryan plurality of 25,000," said State Chairman J. B. Thompson this evening just before departing for his home at Pauls Valley.

"We would have reached 40,000 for Bryan had not the farmers been too busy picking cotton. A light vote was cast in the democratic strongholds. We kept our word to the nation and went to the Kansas line with a majority and fireworks in our pockets ready to join in a national demonstration, but we were not met by our sister states, therefore our fireworks have been preserved for another time.

"The legislature will be safely democratic. Senator Gore will be returned to the United States senate. Commissioner Watson has been re-elected and Judge Hayes has a substantial majority. Chief Justice Williams had no opponent.

"The wild rumors of republican gains in Oklahoma are not to be taken seriously. We are in good shape in the state."

Big Dallas Show Will Be \$100,000 to the Good This Year.

Dallas, Tex., Nov. 4.—Eight hundred thousand people or approximately that number, saw the varied attractions of the State Fair of Texas for 1908. They were drawn to this city by the best array of exhibits which the management of the Fair has ever presented. The gross receipts for 1908 may exceed \$275,000 which is \$28,000 more than was received in 1907 and 1907 held the record in this respect. Although the expenses for 1908 were heavier than ever before it is believed that when the board of directors hold a meeting, ten days or two weeks hence the net profits will be found to be more than \$100,000.

Reflections of a Bachelor.

The reason a woman always makes a much better decision than a man is she never does it on judgment.

There's hardly anything the average man can lie about with so much enthusiasm as what perfect time his watch keeps.

There is only one thing a woman likes better than having nice, wavy hair herself, and that's imagining her daughter has it.

The reason a woman wants to marry off her daughters is to show how much smarter she is at it than women who haven't any.

A girl always pretends to a man that all the others make love to her he always pretends to her he never made love to anybody else else.

THEATRE TALK NO. 7

AS THE YEARS GO BY AND "THE TWO ORPHANS" PLAYS TO LARGE AND INTERESTED AUDIENCES SEASON AFTER SEASON,

A Story That Will Never Grow Old.

There is scarcely a passion known to humanity that is not shown in its utmost strength, both as cause and effect, in this wonderful play, and withal these fierce human passions are so closely interwoven in the threads of the story that it forms a drama that stands almost unrivalled as regards powerful effect and deepest pathos.

In fact, pathos is the keynote struck by a master hand in a way that has drawn the tears of millions of people since its first production. It is doubtful if a story of more pathetic interest has ever been or ever will be written than this tale of two friendless girls.

"HAVE YOU EVER THOUGHT OF ESCAPE?"

being left alone in the gay city of Paris, both beautiful and one of them blind; their separation, and the hideous dangers they fall into; the bitter hidden yearning of the Countess for the child torn by cruel fate from her breast; the piteous figure of Pierre; the sad history of Marianne, are all phases of life that touch the tenderest chords of our natures.

WORDS AND FASHIONS, CUSTOMS AND MANNERS MAY CHANGE, but as long as humanity exists our passions can never change, good and evil will battle for supremacy, and just so long a play like "THE TWO ORPHANS" that epitomizes the best and worst of life's history will live, and succeeding generations will applaud its virtue and hiss its vice.

FOR THE STRENGTH OF THIS PLAY OF PLAYS IS IN ITS TRUE HEART INTEREST.

Our patrons tell us it's a pleasure to see such a play and production as this. They couldn't tell us anything that would please us more. THE PLAY WILL BE HERE SOON AND THE MANAGEMENT WAYS "YOUR MONEY'S WORTH OR YOUR MONEY BACK."
